ABOUT SCOTLAND FOOD & DRINK

Scotland Food & Drink is the industry leadership body for the sector, representing over 460 members and providing a unique platform for collaboration between industry and the Scottish Government to help drive responsible growth and secure Scotland's reputation as a land of food and drink.

Prior to the pandemic, Scotland's food and drink industry had gone from strength to strength. The sector was worth £14.8 billion, employing 115,000 people across the whole of Scotland. From its record high value, the sector has contracted over the past 12-15 months as Coronavirus and Brexit impacts shook the global and UK economies.

To set the industry back on its remarkable growth path, the Scotland Food & Drink Partnership is leading on delivery of the *Recovery Plan*. With over 50 actions the plan brings together businesses and trade organisations from across the sector to boost economic activity and speed up the recovery. The plan is backed by the Scottish Government with a £15 million investment to realise the strategy.
